---

## **Research Interests**

Eugene's research interests span the areas of: (i) Public transport systems, (ii) Travel behaviour, (iii) Transport planning, and (iv) Transport safety.

## **Education**

- PhD** Doctor of Philosophy in Civil Engineering (June 2026)  
Monash University Malaysia  
Specialising in Transport Engineering
- B.Tech** Bachelor of Technology in Automotive Engineering (June 2018)  
Kwame Nkrumah University of Science and Technology  
Specialising in Automotive Engineering
- CWA: 74.62 (First-class honours)
- HND** Higher National Diploma in Mechanical Engineering (June 2012)  
Ho Technical University  
Specialising in Automotive Engineering
- CGPA: 3.92 (Upper second-class honours)

## **Research Experience**

### **Graduate Student**

Doctor of Philosophy in Transport Engineering (June 2026)

*Thesis: New perspectives on urban mobility in a developing context: A multi-dimensional approach to improving public transport use.*

- Designed and executed the doctoral research project.
- Developed and administered online surveys using Qualtrics to gather data from private car and public transport users.
- Applied statistical methods, including Structural Equation Modelling (SEM) and Latent Class Analysis (LCA), to analyse the data.
- Authored and submitted manuscripts for peer-reviewed journals.
- Presented research findings at academic conferences and institutional events to diverse audiences.

- Managed ethical clearance processes and adhered to institutional research protocols.

### **Visiting Researcher**

Urban & Transport Research Laboratory, The University of Hong Kong (Jan-March 2025)

- Performed statistical and econometric modelling of transport-related datasets.
- Explored opportunities for co-authored publications and research collaborations.

### **Undergraduate Student**

Bachelor of Technology in Automotive Engineering (June 2018)

Dissertation: *Comprehensibility and influence of road signage and markings on driver behaviour.*

- Developed and administered surveys to gather behavioural, demographic and road signage data from vehicle drivers.
- Applied statistical methods to analyse the data.
- Authored manuscript for peer-reviewed journal.

### **Diploma student**

Higher National Diploma in Mechanical Engineering (June 2012)

Dissertation: *Risk assessment of automotive LPG refuelling facilities in Ho Municipality.*

- Developed an observational chart and a survey to gather data from LPG refuelling facility operators.
- Analysed the data using statistical methods.

### **Teaching Experience**

#### **Monash University Malaysia (Teaching Assistant)**

2024/2025 CIV4284 Traffic Systems

- 25 students

2024/2025 CIV2282 Transport and Traffic Engineering

- 22 students

2023/2024 CIV3283 Road Engineering

- 28 students

#### **Ho Technical University (Coursework Instructor)**

2015/2016 MEC121/122 Thermodynamics

- 83 students

EEE 111 Applied Thermodynamics

- 129 students

MCE 293 Material Technology

- 85 students

2014/2015 MEC121/122 Thermodynamics

- 86 students; summary evaluation score = 4.20 (1-5 scale, 5 = excellent)

EEE 111 Applied Thermodynamics

- 130 students

2013/2014 MEC121/122 Thermodynamics

- 70 students

EEE 111 Applied Thermodynamics

- 115 students

2012/2013 MEC121/122 Thermodynamics

- 58 students

EEE 111 Applied Thermodynamics

- 105 students

## **Publications**

### **Peer-reviewed Journal Articles (Published / Accepted)**

1. **Sogbe, E.**, Susilawati, S., Becky P.Y. Loo (2026). Navigating the daily grind: A latent class analysis of bus commuter stress. *International Journal of Transportation Science and Technology*.
2. **Sogbe, E.**, Susilawati, S., Currie, G. (2026). Rethinking urban mobility: A latent class analysis of Mobility-as-a-Service (MaaS) adoption tendencies. *Cities*.
3. **Sogbe, E.**, Susilawati, S., & Currie, G. (2026). Imagining MaaS futures in urban Ghana: How service features, demographics, and travel behaviour shape user intentions. *Research in Transportation Business & Management*.
4. **Sogbe, E.**, Susilawati, S., Becky P.Y. Loo, Currie, G., Tan, C.P., Teh, P.L., Vaithilingam, S. (2026). Person-environment fit theory in urban walking: An evaluation of subjective influences and the mediating role of perceived security in Kuala Lumpur. *Cities*.
5. **Sogbe, E.**, Susilawati, S., Currie, G., Tan, C.P. (2025). Shifting gears: Exploring private car users' perception of public transport ridership. *International Journal of Sustainable Transportation*.

6. **Sogbe, E.**, Susilawati, S. (2025). Dissecting pedestrian behaviour in Ghana: A cluster-based analysis of safety and risk profiles. *International Journal of Injury Control and Safety Promotion*.
7. **Sogbe, E.**, Susilawati, S., Currie, G., Tan, C.P. (2025). Exploring factors influencing first-mile and last-mile connections to public transport from car users' perspective: Evidence from Greater Accra, Ghana. *Journal of Transport Geography*.
8. **Sogbe, E.**, Susilawati, S., Tan, C.P. (2025). Scaling up public transport usage: A systematic literature review of service quality, satisfaction and attitude towards bus transport systems in developing countries. *Public Transport*.
9. **Sogbe, E.**, Susilawati, S., Tan, C.P. (2024). First-mile and last-mile externalities: Perspectives from a developing country. *Journal of Transport Geography*.
10. **Sogbe, E.**, & Susilawati, S. (2024). Assessing shared auto-rickshaws adoption by intra-city commuters as part of the public transport system: The influence of negative encounters on passenger satisfaction. *Transportation Research Part F: Traffic Psychology and Behaviour*.
11. **Sogbe, E.** (2024). An investigation into drivers' yielding behaviour at marked uncontrolled pedestrian crossings in Ghana. *IATSS Research*.
12. **Sogbe, E.** (2021). The evolving impact of the coronavirus (COVID-19) pandemic on public transportation in Ghana. *Case Studies on Transport Policy*.
13. Akple, M., **Sogbe, E.**, Atombo, C. (2020). Evaluation of road traffic signs, markings and traffic rules compliance among drivers in Ghana. *Case Studies on Transport Policy*.

#### **Under Review**

14. **Sogbe, E.**, Susilawati, S., Currie, G. (2026). Different riders, different realities: A latent class approach to informal public transport satisfaction. *Public Transport*. Under review.
15. **Sogbe, E.**, Susilawati, S., & Currie, G. (2026). Impact of public transport waiting areas on user satisfaction: A Stimulus–Organism–Response perspective. *Research in Transportation Business & Management*. 2<sup>nd</sup> revision submitted.
16. **Sogbe, E.** (2026). Behavioural responses to waiting uncertainty in public transport: A systematic review and conceptual framework. *Travel Behaviour and Society*. Under review.
17. **Sogbe, E.**, Susilawati, S., Currie, G. (2026). Determinants of Mobility-as-a-Service adoption intentions: A UTAUT2-based comparative analysis of car and public transport users in the Greater Accra area. *Journal of Advanced Transportation*. 1<sup>st</sup> revision submitted.
18. **Sogbe, E.**, Pervez, A., Nguyen-Phuoc, D.Q. (2026). A latent class analysis of user perceptions and continuance intention toward autonomous taxi services. *Transportation*. Under review.

## *Curriculum Vitae*

19. **Sogbe, E.**, Pervez, A., Van Nguyen, T., Nguyen-Phuoc, D.Q. (2026). Multiple psychological pathways and heterogeneous decision processes in the use of robotaxi services: A combined modelling and segmentation approach. *Transportation Research Part F: Traffic Psychology and Behaviour*. Under review.
20. **Sogbe, E.**, Ngoc Su, D., Vo, N.D.Q., Nguyen-Phuoc, D.Q. (2026). Mapping the structure of user perceptions in autonomous taxi services: A network analytical approach. *Research in Transportation Business & Management*. Under review.
21. **Sogbe, E.**, Vo, N.D.Q., Bui, T., Nguyen-Phuoc, D.Q. (2026). The safety–efficiency relationship under algorithmic management: Evidence from electric ride-hailing motorcycles. *Transportation Research Part F: Traffic Psychology and Behaviour*. Under review.

### **Conference Presentations**

1. Sogbe, E. Person-environment fit theory in urban walking: An evaluation of subjective influences and the mediating role of perceived security in Kuala Lumpur. *Presented at the 16th Eastern Asia Society for Transportation Studies (EASTS) Conference*, Surakarta, Indonesia. September 1-4, 2025.
2. Sogbe, E. Exploring factors influencing first-mile and last-mile connections to public transport from car users' perspective: Evidence from Greater Accra, Ghana. *Presented at the 16th Eastern Asia Society for Transportation Studies (EASTS) Conference*, Surakarta, Indonesia. September 1-4, 2025.
3. Sogbe, E. Bridging the gap: First-mile and last-mile travel issues and transport equity in a developing country. *Presented at the Transportation Research Board Annual Meeting, Washington, DC*. January 5–9, 2025.
4. Sogbe, E. Shared auto-rickshaw usage: The role of negative experiences in shaping user experience and policy. *Presented at the Thredbo 18 International Conference on Competition and Ownership in Land Passenger Transport*. Cape Town, South Africa. Sept. 29 – Oct. 3, 2024.
5. Sogbe, E. Determinants of public bus transport usage: A systematic literature review focused on developing countries. *Presented at the Thredbo 18 International Conference on Competition and Ownership in Land Passenger Transport*. Cape Town, South Africa. Sept. 29 – Oct. 3, 2024.

### **Past Employment**

#### **Supervising Engineer**

DESK-Air Engineering Consults (2018-2022)

- Led contract administration and project management, ensuring compliance with contract plans, scope, and specifications.

- Supervised and monitored contractor performance, overseeing inspections and ensuring quality standards were met.
- Provided strategic leadership and oversight of project staff, including workload management, performance evaluation, and employee relations.
- Developed and managed budgets, overseeing financial transactions, procurement, and expense monitoring.
- Maintained strong client relationships, ensuring high-quality customer service and satisfaction.

### **Professional Development Training**

#### **Workshops**

##### **4th Early Career Researchers (ECR) Transport Forum**

Surakarta, Indonesia. 30-31 August 2025

##### **Graduate Research Academy on Inclusive Urban Mobility in Developing Countries**

Bangkok, Thailand. 13-17 May 2024

##### **3rd Early Career Researchers (ECR) Transport Forum**

Shah Alam, Malaysia. 2-3 September 2023.

#### **Seminars/Webinars**

##### **Sustainable transport and livability**

August 30, 2024

##### **On-demand public transport in Australia and New Zealand**

July 26, 2024

##### **Walkability transitions: Case studies from Indonesia & New Zealand**

July 21, 2023

### **Awards and Honours**

##### **School of Engineering Publication Award (SEPA)**

Publication in high-quality journals, Q1 – 2025

Publication in high-quality journals, Q1 – 2024

##### **Monash University Global Mobility Programme**

Research Visit Grant Recipient – 2024

##### **University of Sydney/Relay Trust Scholarship Committee**

Relay Trust Thredbo Scholarship (Travel Grant) – 2024

**Academic Service and Professional Engagement**

**Peer-Review Service: Completed 30+ reviews**

Regular reviewer for: Travel Behaviour and Society, Transport Geography, Accident Analysis and Prevention, Public Transport, Transport Policy, Transportation Safety and Environment, Transportation Planning and Technology, Transportation Research Interdisciplinary Perspectives, Transportation, Transportation Research Part D: Transport and Environment, Research in Transportation Business & Management, Sustainable Cities and Society, Cities.

**Professional Engagement**

**Organising Committee Member**, 4th Early Career Researchers (ECR) Transport Forum

Surakarta, Indonesia. 30-31 August 2025.

**Organising Committee Member**, Beyond the Algorithm: Planning for Motorcyclist Safety in AV Integrated Transport Systems Seminar  
Malaysia — July 2025
